## OVERVIEW

Bards sing of a daring expedition lost in the Troll Mountains seeking dwarven ruins. Will you rewrite their ending, or join them in an eternal ballad?

*"Each region deserves its own desolate dwarven dungeon hiding a dastardly villain."*

- Volo

*"And each dastardly villain deceives desperate adventurers into delving into desolate dwarven dungeons."*

- Elminster

## COMPATIBILITY

Throne of the Mad God is compatible with the Baldur's Gate 2 Enhanced Edition (BG2EE) and the Enhanced Edition Trilogy (EET).

## INSTALLATION

- ❖ If you've previously installed the mod, remove it before extracting a new version.
- ❖ Extract the contents of the mod archive to your game's main directory (BG2:EE/EET which contains the CHITIN.KEY file). On successful extraction, there should be a ThroneoftheMadGod folder and a Setup-ThroneoftheMadGod.exe file in your game folder.
- ❖ To install, simply double-click Setup-ThroneoftheMadGod.exe and follow the instructions on screen.
- ❖ Run etup-ThroneoftheMadGod.exe in your game folder to reinstall, uninstall or otherwise change components.

## HOW TO PLAY THE MOD

- ❖ You need to start a new BG2EE game.
- ❖ To begin your adventure in "Throne of the Mad God," start a new game and head to the "Den of the Seven Vales" in Waukeen's Promenade. Interact with the bard performing in the rear section of the tavern to trigger the beginning of the mod.
- ❖ Recommended Character Level: The mod is designed for characters level 9 and above. It includes dynamic scaling to adjust the difficulty of enemies based on the player's level and chosen game difficulty settings.

## COMPATIBILITY WITH OTHER MODS

- ❖ Since this mod does not fundamentally interfere with the main game, most mods, especially those that modify NPCs, enemies, kits, spells, scripts and the like in the main game, should be compatible with this mod.
- ❖ Crossmod content is not yet implemented.

# THRONE OF THE MAD GOD

Gear up, gather  
your party, and  
prepare to carve  
your names into  
the annals of  
history—or into
